

Application for use of a shared waste container or composter

If they so wish, neighbouring properties may share a waste container (dry-, bio-, recyclable- waste container or composter). Any share agreements in place between nearby properties must be notified in writing to Etelä-Karjalan Jätehuolto Oy. **If the properties in question are not neighbouring properties, or if the number of participants in the share agreement is more than five, a deviation permit must be applied for the share arrangement from the waste management authority.**

Using a shared waste container or composter with another property does not eliminate the annual fees for the property (basic fee and official fee).

1. The application concerns	<input type="checkbox"/> Shared dry waste container <input type="checkbox"/> Share biowaste container	<input type="checkbox"/> Shared composter <input type="checkbox"/> Shared recyclable waste container
