online

festival.eurolake.eu

Collaboration between artists, creators, authors and innovators within a digitalised regional cultural ecosystem is expected to benefit equality, sustainable growth, intergenerational dialogue, and European cohesion.

Klrc Cultural Festival follows dialog initiated during the **Virtual Artistic Residency**, within the EUbyLakes project, from May 9th to June 6th 2020.

Virtual Artistic Residence

EUbyLakes

May 9th - May 30th 2020

**Present, in the
Europe of the Future**

Present, in the Europe of the Future has been a creative space for debate, open to all, but especially for those involved with artistic practice and authorship. Present, in the Europe of the Future was part of EUbyLakes project, organised as an Open University for co-creation, share of views, development of ideas and mutual learning over six disciplines. First sessions were from May 9th to May 30th on-line.

The upcoming Culture KIRC Fest is organised according to the same participative, creative and imaginative model, open to all!

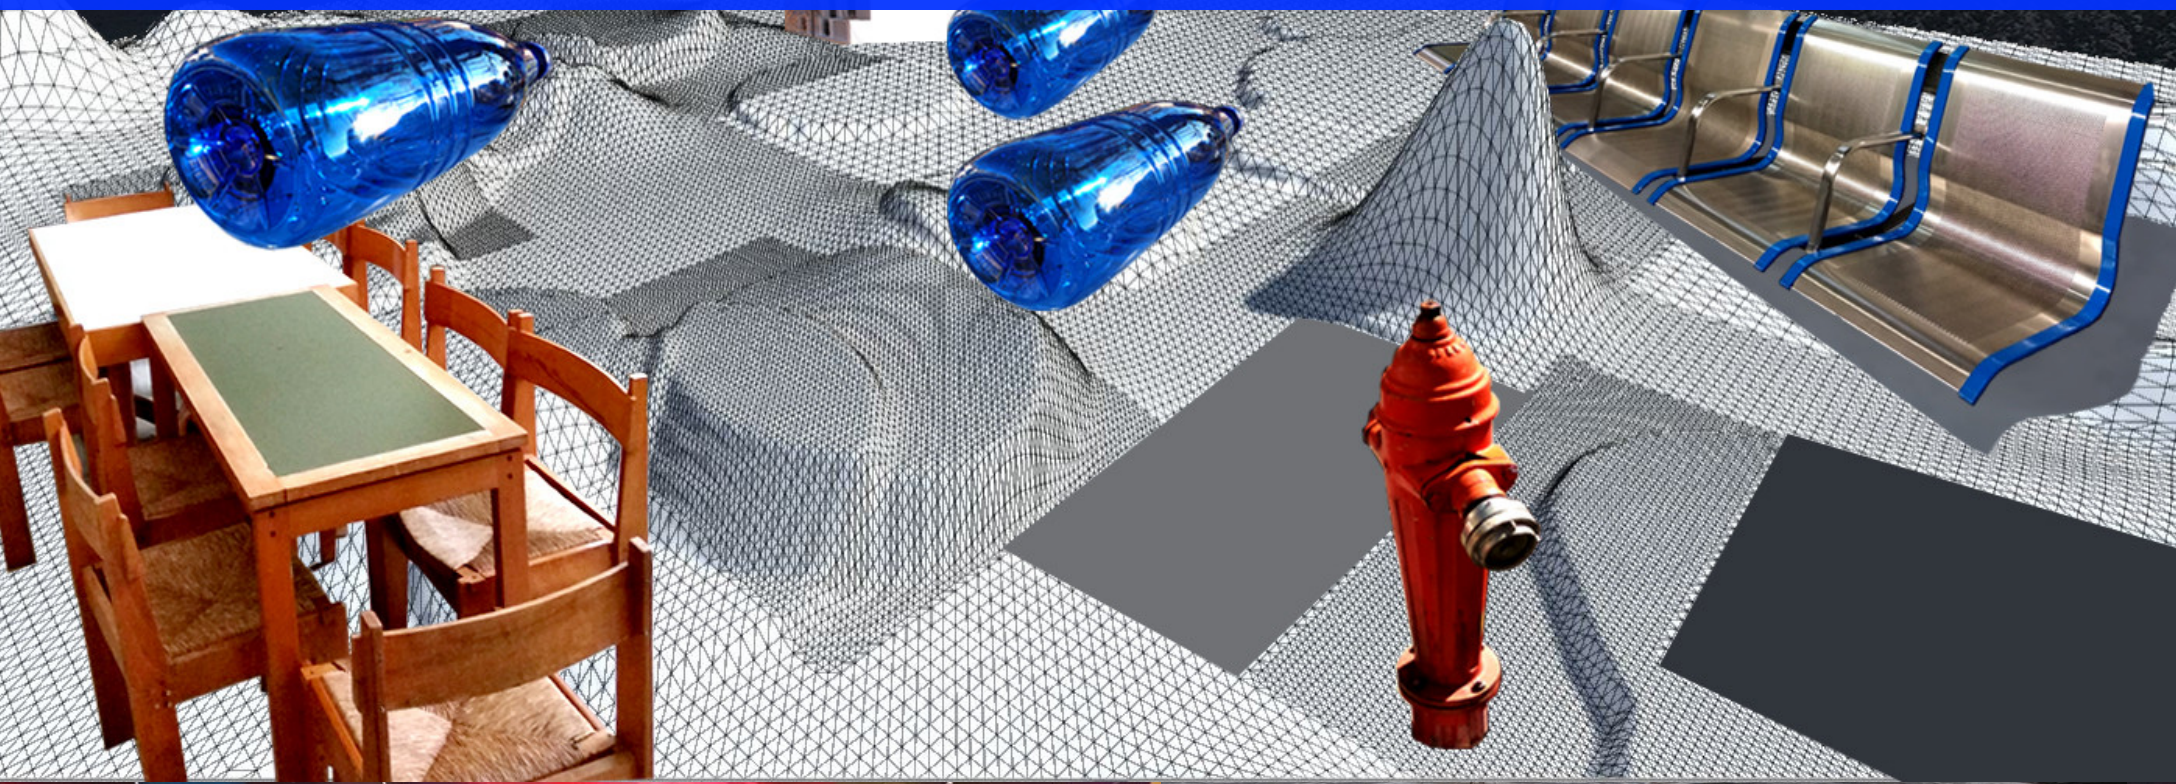

Present, in the Europe of the Future aligns with the wider two years debate about the Future of Europe and to be inaugurated in the Day of Europe of 2021.

The exhibited works are under copyright protection and cannot be reproduced by others without the express authorisation of the author. The copyright remains intellectual property of the participating author or artist.

Call for artist

Artists from all over Europe are called to participate!

If you are an author, artist or creator and want to see your work published on the festival's gallery, send us an email with your works to:

residency@eurolake.eu

Artworks may be on any high resolution format, properly identified (name of the author and the artwork). other information such as dimensions, techniques, caption or abstract used can also be included.
